

BOARD ASSUMES FULL JURISDICTION

ORDER WORKERS NOT TO STRIKE PENDING CONFERENCE OCT. 26

Railroad Labor Board Takes Steps to Prevent Strike and Enforce Obedience to Its Decisions—Congress May Be Asked to Furnish Teeth to the Transportation Act

CHICAGO, Oct. 21.—The government today moved to prevent a railroad strike and to enforce obedience by both unions and roads to decrees of the United States railroad labor board, the board formally announcing that it had assumed full jurisdiction in the rail crisis and ordering the workers not to strike pending a conference of union heads and rail chiefs which it called for October 26.

A decision from this conference will not be announced until after October 30, the scheduled strike date, board members said, declaring that in this way a walkout would be averted unless the unions defied the board's orders not to strike pending a ruling.

The action was taken following receipt from Washington of information that every interested branch of the government would back the board in its attempts to settle the rail difficulties, members declared.

PREMIER LENINE IS SAID TO HAVE ADMITTED DEFEAT

Communists Now Engaged in Strategic Retreat He Says

RIGA, Oct. 21.—After a long rest in the country, Premier Lenine of Soviet Russia has returned to the political arena with an open admission of communist defeat, according to an account of a speech he made recently before the congress of political workers in Moscow, given out by the Rosta Agency, official Bolshevik news disseminator.

"Our new economic policy in substance follows from the fact that we have suffered a strong defeat and have begun to carry out a strategic retreat," he declared. "Before we are finally defeated let us step back and reform anew, but on a stronger base."

"Everybody sees what a sharp turn the soviet powers and the Communist party have taken by adopting a new economic policy, which in substance contains more of the old regime than of our previous policy."

"The attitude of the soviets toward economic questions during the first half of 1918 when the Brest-Litovsk peace treaty gave hope of peaceful construction was extraordinarily cautious. Then the necessity of considering the peasants was always pointed out and the role of state capitalism in Socialistic construction was considered. The civil war which broke out and the desperate position in which the republic found itself compelled us to change directly to communistic production and distribution. However, a not very lengthy experience convinced us that without having gone thru a period of Socialistic adjustment and investigation it was not possible to reach even the lowest stages of communism."

"There can be no doubt that on the economic front in the attempt to come over to communism toward the spring of 1921, we suffered a defeat more serious than any we had experienced before. This showed our economic policies failed to have their feet on the ground and did not create that raising of productive powers which was recognized in the party program as fundamental and urgent."

"Requisitions in villages and a direct communistic approach to construction problems in the cities retarded the elevation of our productive powers and were the cause of a deep economic and political crisis. We recognized defeat and retreated and the retreat is continuing in many places even at present amid very unnecessary disorders."

RATIFICATION OF PEACE TREATIES ISSENT FORWARD

Troops May be Removed from Germany Soon

(By The Associated Press)
WASHINGTON, Oct. 21.—The formal terms of ratification of the peace treaties with Germany and Austria have been sent forward to Berlin and Vienna. It was announced today. American troops will begin moving out of Germany immediately upon the exchange of the ratifications of the German treaty it was added.

A proclamation of peace will be issued upon completion of exchange of ratifications. It was stated. It had been felt in some quarters that the formal proclamation would be unnecessary because of the peace resolution adopted by congress, but the president's thought on the question, it was added, was that by issuing a proclamation all legal technicalities would be complied with.

Attention was called to the fact that some important statutes contained clauses based specifically on the promulgation of such a proclamation and while the legal arm of the government saw no actual difference in a proclamation and a resolution it was said the president had practically decided to proclaim formally a state of peace and eliminate possibilities of future controversies. Exchange of ratifications was expected by officials to be completed in about ten days.

No Selection for Embassy.
Administration leaders declared that President Harding would take no steps to establish diplomatic machinery until about the time the official document signed by the German authorities have reached Washington. It was said he might give consideration to the names of possible ambassadors and others of the staff of the American embassy in Berlin earlier but no announcement from the white house as to the identity of the selections is contemplated at present before the peace proclamation. The announcement that the troops on the Rhine would begin moving home ward in about two weeks was in line with the expressed belief that the ratification exchanges would be completed by that time.

Meanwhile army transports, some of which are already in contiguous waters will be placed in readiness to bear the American boys across the Atlantic. There was no indication of the numbers to be brought at any one time or how large groups they would be moved from their present stations.

Government officials plainly are proud of the record made by the American troops one declaring that their influence has been 'manifestly good.' Praise also was given the commanders of the troops who are described as having handled admirably many situations of a potential controversial nature.

Parliamentary action is yet to be completed by Hungary in peace treaty which was also ratified by the United States senate this week. When that is done, formal ratifications will also be exchanged with the government.

TRAIN STRIKES AUTO GIRL MEETS DEATH

(By The Associated Press)
CEDAR RAPIDS, Ia., Oct. 21.—An automobile containing four women and little six months old baby en route from Cedar Rapids to Center Point late this afternoon collided with a Milwaukee freight train at Louisa, five miles north of here. Helen Hemphill, aged 6 months, was instantly killed, while Mrs. L. W. Heffner, of LaFayette, Iowa, and Mrs. Ritzke of Center Point were probably fatally injured.

Mrs. W. H. Hemphill and her daughter Hazel, aged twenty, of Center Point, escaped with minor injuries. All the injured brought to a local hospital.

BOMB THROWN AT COMMUNIST MEETING HURTS POLICEMEN

Speakers Bitterly Assail Government of United States

(By The Associated Press)
PARIS, Oct. 21.—Seven policemen were injured tonight by the explosion of a bomb thrown into a crowd in Wagram avenue during a meeting held by the French communist party in protest against the conviction for murder in Massachusetts of the Italian, Sacco and Vanzetti. Several of the manifestos also were hurt and six persons were arrested charged with disorderly conduct.

The meeting had been widely advertised as a protest against the American government capitalists and the "execution of Sacco and Vanzetti." The speakers were bitter in their vituperation of the American government and expressed execration of American capitalists.

Ten thousand persons crowded into Wagram hall and when the capacity of the hall was reached there was a large overflow of demonstrators outside.

It had been announced as the intention of the leaders of the demonstration to head the throng on a march to the American embassy. There was no attempt to do this however.

Three platoons of mounted republican guards and hundreds of police ready for riot duty patrolled the vicinity of Wagram hall, which is near the Arc de Triomphe while additional forces were held in reserve at various points to handle the crowd when the meeting was over and prevent any demonstration or a march in the direction of the embassy, around which a guard also was posted.

While the proceedings inside the hall were without incident, except for fiery speeches, the crowd outside resented the efforts of the police to keep them on the move. As the police were carrying out their orders three shots were fired from the crowd at the mounted men, one of whom fell. The man who fired the shot that brought down the trooper was immediately cut down by the saber of another mounted man. Police then closed the hall and would not permit any one to enter or leave it. During the speeches inside the audience openly called upon the leaders to march upon the embassy, but the speakers themselves made no reference to such a move. During the meeting the anarchist paper Liberteaire and various communist newspapers, all of them calling upon the workers to obtain the release of Sacco and Vanzetti, were circulated freely thruout the hall.

PRESIDENT LEE IN STATEMENT ON SITUATION

Says There is no Law to Compel a Man to Work

(By The Associated Press)
CLEVELAND, O., Oct. 21.—W. G. Lee, president of the Brotherhood of Railroad Trainmen, tonight issued a statement commenting upon "demands for congressional action will put teeth in the decisions of the United States railroad labor board."

The statement follows:
"There is a demand for congressional action that will put teeth in the decisions of the United States railroad labor board. But there is no demand from other business that teeth be put into a law to regulate their right to bargain with their employees. Freedom of contract, the right to hire and fire, is the platform of every business that unites in the demand for an enforceable law regulating those same rights of railways and their employees."

"The right to strike has been conceded by what is now the highest authority in the land, namely the chief justice of the United States supreme court. It is right then to deny to railway employees the same legal rights that are conceded to every other class of labor?"

"Wherein is there justification for a demand that proposes to compel transportation employees to work under unsatisfactory conditions that does not include every other class of employers and employees?"

"The plain fact of the matter is that the railway organizations have obeyed the labor sections of the transportation act; they have literally obeyed every one of its provisions and if they leave the service because of their dissatisfaction with the award of July 1st, they are not in violation of the law, but in full accord with every one of its requirements. They have a right to refuse service that is equal to the railway right to refuse to accept the provisions of an award."

"That in many instances the railways have not obeyed the provisions of the law cannot be questioned. The attitude of many of the railroads has been of agreement with the decisions of the board answered their purpose and disagreement when they did not suit. The railroads have flaunted the impotency of the board to enforce its decisions in its face, but there has been no public demand that the railroads be forced to obey the orders of the board."

"Only this week the board heard reasons from the Pennsylvania why it did not agree with the rulings of the board. This was but one instance where the railroads have used their own judgment in accepting its awards. The attitude of the roads at best has been that of insolent defiance while the organizations have obeyed the spirit and letter of the law and if they leave the service it will not be in violation of the act. Do the friends of 'teeth in the law' for employees expect that there will not be an equally powerful set of teeth for the railroads?"

"If the advocates of a law with teeth are consistent let every one of them demand a law for the regulation of his own business that will establish the same relations between himself and his employees he demands for railway employees. Forced service never will be satisfactory nor efficient."

HAS TOO MANY KEYS; LANDS IN PEN

CHICAGO, Oct. 21.—Frank Martin, twenty-seven years old, who "lows he was from Beardstown, Ill." departs for the prison at Joliet, today, because of a bunch of keys.

Martin claimed that the bunch of keys could open any lock in Chicago. One of them opened a drawer of the judge's desk, at the judge's request and another opened the home of Richard Lambert, the jury decided, and pronounced him guilty of burglary.

The keys were confiscated for fear one might be found to unlock the cell doors in Joliet penitentiary where Martin was sent for a period of from one to twenty years.

BROTHERHOOD HEADS WILL OBEY CITATION OF R. R. LABOR BOARD

Announced Last Night That They Would be On Hand When Hearing Starts—None of Them Would Comment on Developments—One Strike Scheduled to Start Today

(By The Associated Press)
CLEVELAND, O., Oct. 21.—Altho the official order citing the railroad brotherhood chiefs and the railroad executives to appear before the railroad labor board next Wednesday for a hearing on whether the wage reduction of last July has been or is being violated and to consider the question of rules and working conditions, which the unions contend are being violated by the carriers, had not been received, local brotherhood executives tonight said they will respond to the citation and be on hand for the hearing which starts at 10 a. m.

W. G. Lee, president of the Brotherhood of Railroad Trainmen, said, "I am perfectly willing to recognize any order from the board or any other proper authority that will tend to prevent the strike."

Warren S. Stone, president of the Locomotive Engineers, said, "I certainly will be there if ordered," adding that all the other chief executives of the railroad transportation organizations "also will go anywhere they are ordered to appear in connection with a settlement of the strike."

None of the local brotherhood chiefs would make other comment on today's developments. Regarding the order "to maintain the status quo insofar as it might affect the strike of trainmen on the International and Great Northern (Texas), scheduled to begin tomorrow noon, Mr. Lee's only comment was "I can answer tomorrow afternoon."

Tells Mining Congress Business Conditions Not So Bad

(By The Associated Press)
CHICAGO, Oct. 21.—Charles M. Schwab, chairman of the executive board of the Bethlehem Steel corporation told members of the American Mining congress tonight that there was nothing in the present business situation which time and the laws of trade and economics, would not straighten out. The danger, he said, lay in the effort to force an adjustment thru legislation.

"We are in difficulties, there is no doubt about that," he said. "Prices have dropped irregularly. Wages have gone down in some lines, and are maintained in others. Short time has reduced the earnings of many workmen and unemployment has put a heavy burden on many more."

"The products of the farm have dropped and the high cost of transportation invades deeply the farmer's narrow margin. Yet the railroad workers resent any reduction in wages which will make a lowering of freight rates possible."

"Everywhere the process of readjustment is creating discord and discontent. Everywhere our people want to hold on to what the war brought in the matter of income and want to lay the sacrifice involved in deflation one some other back."

Mr. Schwab said in referring to remedies for the present condition:

"Russia embarked on the plan of centralizing the control of all industry in government hands and no one is anxious to take another chance at that experiment," he said.

COURT WILL GIVE DECISION TODAY

Speaking of the coal industry Mr. Schwab said:
"Your problem is to distribute your demand more uniformly over twelve months and this can only be done by such concession in price as will induce large consumers to suffer the deterioration of heat values incident to storage and to pay the interest on the investment."

He added that he could see no justifiable reason for government interference or regulation of the coal industry.

SPRINGFIELD, Ill., Oct. 21.—Judge E. S. Smith of the Sangamon county circuit court tonight took under advisement Augustus Peabody's petition for injunction—or, to restrain State Auditor Russell and State Treasurer Miller from paying salary increases to state department heads and assistants—the other to enjoin the state auditor and treasurer from issuing warrants against the \$500,000 department emergency fund authorized by the fifty second general assembly.

Perhaps one reason the people are not greatly disturbed over the railroad strike project is because of the frequency of strikes and lockouts, especially during the past five years. The records show 3000 as the average number of strikes in each of those years to greater with 100 lockouts. The same statistics go to show that in the past three years that 1895 strikes have been settled by compromise.

Just why the name "Democrat" should be appended to the new chinch-bug-proof breed of corn, has not yet been explained. The name will be all right unless the democratic party later lays claim to the honor of having made such a useful discovery.

Such a claim is not unlikely if you will take note of the party's record in its effort to grab off all the honors in sight.

In a great many localities there is proof that if the revenue officers were as successful in finding "hootch" as those who want to drink it, there would be a greater number of arrests.

This brings to mind the fact that Decatur has been made the center of a new prohibition enforcement area. It has not been stated as to whether this new district was centered at Decatur because of flagrant violations.

The wish is often expressed for somebody to write a simple explanation of the tax problem of the United States and a like statement with reference to the foreign financial situation. The trouble is that these problems are

so complex that they cannot be explained in simple language.

The fact is that the average man knows little about taxation and international finance. Yet these two questions which so few people understand have a very direct bearing upon business and daily life.

STILL APPRECIATES THE OLD CITY
Dr. Beadles in Jacksonville yesterday proved himself one of the most loyal citizens that Morgan county can claim. He has been a resident of California for nine years and yet yesterday had the grace to say that he has never found a spot that excels Morgan county and Jacksonville. He had been looking at the autumn-tinted foliage of West State street when he said, "It is an unexcelled stretch of gold, and there are other streets in Jacksonville just like it."

This is the only recorded case of any California willing to admit that there is anything in the coast state that is equalled here in Illinois.

"THE PARADISE OF GOD"

People all over the country these days are talking about unsatisfactory business conditions and hard times. The low prices for some commodities and the general unemployment condition have resulted in this talk.

Locally the facts are that never was there so much wealth nor so great a sum total of securities, yet the unsatisfactory business conditions continue. What is true here is true of a great many other localities. So there is no denying that the "hard times" are quite largely psychological.

If the people of the United States could just get an actual picture in their minds of conditions in nearly all of the foreign countries, they would take more heart and feel again how very fortunate are the people resident in this country. Dr. Yonan of the Near East relief organization very aptly voiced this sentiment when he said recently, "You talk about hard times here but the fact is that you are living in the very paradise of God."

THE 1894 STRIKE AND NOW

If the threatened railway strike becomes effective traction lines

and motor buses will have their part in taking care of transportation. Conditions have changed since the big strike of the American Railway Union back in 1894. There has been a big increase in population since that time but there has also been distinct advance in this matter of transportation. The automobile was unknown in those days and the development of air transportation had not even begun.

One central Illinois paper recalls the fact that at the time of the 1894 strike its deliveries to nearby towns were made by boys with bicycles. Those methods enabled the paper to take care of its patrons but bicycles for such service now has a very primitive sound. In case of a tieup the newspapers, like other shippers, will no doubt call automobiles or trucks into service.

It may be worth while to recall also that in the 1894 strike, which was called by the order of Eugene Debs, acting for the American Railway Union, that the men lost the fight and several of the organizations suffered injury.

FINE YEAR'S RECORD

Tomorrow will end the conference year at Bethel A. M. E. church of this city and the worthy pastor, Rev. R. H. Hackley, will leave for Campaign to attend conference and also to visit a former charge where he labored successfully before coming to this city.

Tomorrow at 3:00 p. m. it is intended to have a farewell service when the pastors of the other colored churches of the city are to be present and participate in the exercises. Mr. Hackley's farewell sermon will be delivered in the evening.

Mr. Hackley and his people certainly have good reason to be well pleased with the results of the conference year. When the gentleman came to Bethel it was in a sad condition both spiritually and financially. The society was badly in debt and its vest was piling up; meetings were poorly attended and the people were generally despondent. Mr. Hackley took hold with a will and soon inspired the people with his own spirit and aroused a fine feeling and determination to do things.

The church itself has been decorated and fixed up in fine shape inside and all is well in that respect. The crushing debt of \$4,000 has been reduced to \$100. To charity they gave 50 and for all purposes current expenses, pastor's salary, charity and decorating the church almost \$6,000 has been raised.

Of course the people have gone outside the society to do this and feel grateful to the business men and all who have helped them.

The article says the farewell sermon will be delivered Sunday night but that doesn't mean that Mr. Hackley may not return. In fact, a strong effort will be made to get him back and it is earnestly hoped that it will be successful.

SHEA MUST ANSWER BANK BURGLARY CHARGE

Sheriff Weatherford and Deputy Sheriff Andrews have returned from Chicago bringing with them John Shea, who is charged with complicity in the attempt to rob the Woodson bank several weeks ago. The man is to have a preliminary hearing Oct. 28. He at first maintained that he wished to have his Chicago attorney come here to represent him but later indicated the intention of employing a local attorney.

The case against Shea will be pushed by the Illinois Bankers' association and a detective representing the organization is expected here today. The accused man insists that he will have no trouble in proving an alibi and says that certain court records in Chicago will make this possible.

LITERBERRY SOCIETY HELD OPEN MEETING

Annual Open Meeting of the Circle of Christian Church Held Friday Evening at Home of Mr. and Mrs. F. J. Henderson.

The annual open meeting of the Circle of the Literberry Christian church was held Friday evening at the home of Mr. and Mrs. F. J. Henderson in the Literary. There were more than 100 present, including members of the families of the club members and their friends.

The house was artistically decorated for the event, autumn leaves, corn, pumpkins and other articles in keeping with the Halloween season being used conspicuously.

At 7:30 a bountiful dinner was served, the domestic committee in charge of arranging for this feature including Miss Lora Peterfish, chairman; Mrs. Pearl Young, Mrs. Grace Lister, Mrs. Elita Young, Miss Thelma Lister.

Afterward came a delightful program, arranged by the entertainment committee, which was made up of Mrs. Ethel Henderson, Mrs. Verne Hull, Mrs. Mabel Lindsey and Mrs. Mary Guter. There were various games and contests suggestive of Halloween. In the grocery contest the prize was won by a team known as the "Nut Family." This group was captained by Lloyd Cully and included Misses Mildred Underbrink, Eleanor Guy, Mabel Henderson, Emma Johnson and Mrs. C. T. Pearce.

Of course one of the features of the evening was a gypsy fortune teller, Miss Georgia Lister taking this role. Then there were three ghouls who made their appearance, and also their identity was cleverly concealed it became known that those "ghosts" were none other than Misses Irene Ogle, Mabel Henderson and Eva Lee Hull.

Altogether it was a very pleasant social event and will go down in club history as a great success.

THE SAD FATE OF ONE GOOD SAMARITAN

T. H. Buckthorpe, who was in Springfield recently, heard stories there which indicate the advisability of auto drivers using care when they offer assistance to other motorists who seem to be having travel difficulties. While traveling on the road north of the state fair grounds recently a car driver saw two women at the side of the road evidently engaged in the task of trying to change a tire.

The autoist mentioned stopped and offered to assist them. Just as he approached the car a man who had been concealed at the front covered him with his revolver and gave the order to "stick 'em up." The autoist with Good Samaritan intentions very quickly complied with this order and the women relieved him of his watch, purse and scarf pin. Then one of the trio broke the spark plug on his car so that he couldn't give pursuit, very quickly climbed into their own car which was really not out of commission, and had very soon disappeared.

SQUARE MAY LOOK LIKE CORNFIELD

A member of the Chamber of Commerce has offered the suggestion that the square be decorated so as to resemble a corn field, with shocks of corn about with pumpkins, and other things to carry out the desired effect. This plan has gained favorable attention with those in charge of the decorations and will probably be carried out. There will also be Jack-o-lanterns and other weird things strung about and the whole scene will be very much Halloween.

The committee in charge of the festival wish to call attention again to the importance of masqueraders for the big dress parade. Several hundred men, women and children will be needed to make it a success and it will be held early enough to allow masqueraders going to private functions to attend. There will be dancing afterwards and a mighty good time is assured to all who come.

"millions now living will never die"

—Judge Rutherford

LIFE, perfect, limitless; with a regenerated race; on a restored earth; with a corrected climate and life-perpetuating food; under a Government which will satisfy the righteous desires of every living creature. And it's here, at the door! The portals of the new age are swinging open and many will enter and never die.

Is it any wonder that we have to tell it again and again? How could one in possession of this priceless knowledge remain silent? The very stones would cry out!

You can by no means afford to let business or pleasure or anyone deprive you of the solace and benefits enjoyed by those who have investigated this timely and heart cheering message. The opportunity is provided in the lecture by

C. E. Stewart,

Lecturer for I. B. S. A., and Editor of The New Era Enterprise, St. Paul, Minn.

Sunday Evening, Oct. 30th

Odd Fellows Hall, East State St.

This lecture has comforted multitudes bereaved by the world war, epidemics and attending sorrows. So great has been the demand that it has been amplified and published in book form, including 500 Scriptural proof texts. Those unable to hear the lecture may have a copy by sending 25 cents to I. B. MICHIGAN-OHIO IS MAIN CLASH

Interest Centers in Meeting of These Two Teams Today—Chicago Plays Princeton—Wisconsin Plays Illinois.

CHICAGO, Oct. 21.—With Chicago playing Princeton in the east tomorrow, western conference football followers will find interest in the Michigan-Ohio State battle at Ann Arbor, and the clash between Wisconsin and Illinois at Urbana. Indiana will meet Minnesota at Minneapolis in the other "big ten" game of the day, while outside the conference Notre Dame and Nebraska will furnish the fireworks at Notre Dame.

There is a general belief among gridiron followers that the Wisconsin-Illinois game will result in a triumph for the Badgers. But few are willing to hazard a prediction in regard to the outcome of the Michigan-Ohio tilt. The Ohio eleven, which until Saturday was considered one of the weakest in the conference, suddenly leaped into prominence by a 27 to 0 victory over Minnesota. The strength of the Michigan eleven is unknown as tomorrow's game will mark the Wolverines' first start in the conference this season.

In early games, however, the Wolverines have bowled over their opponents in rather easy fashion and Coach Yost expects to triumph over the Buckeyes. Michigan has been pointing for this game as Yost desires to wipe out the two defeats Ohio has handed his players in the last two seasons.

The contest will be witnessed by one of the largest if not the biggest crowd that ever saw a football game in the west. The game will mark the dedication of the new Michigan stadium and plans have been made to handle a crowd of 50,000, the capacity of the field. Forty-two seats, the entire reserved seat section already have been sold. The Indiana-Minnesota clash will not figure in the rating of the "big ten" title as Minnesota has been defeated and Indiana with only three conference games on its schedule, cannot lay a serious claim to the title, even though the Hoosiers go through the season without a defeat.

JACKSONVILLE AND WHITE HALL TODAY

Locals Will Meet Strong Greene County Team—Visitors Will Be Handicapped by Injuries—Mitchell Looks for Victory.

The Jacksonville eleven plays the strong White Hall eleven this afternoon on Illinois field and the battle bids fair to be one of the best that fans of this neighborhood will ever witness on a local field. The Jacksonville team has been rapidly improving its play, and has won the last two games very handily. White Hall lost the last game to Roadhouse and has come out of that fray with some injuries that will probably handicap them considerably.

At the first of the season it seemed as if the Jacksonville eleven was jinxed. Time after time they would get within scoring distance only to lose the ball or be held for downs. Two weeks ago the strong Alton team was defeated and last week the even stronger Lincoln team was victoriously trampled under a 21 to 7 victory.

Coach Mitchell reports the team in the best of condition and the prospects point to many victories during the rest of the season. The game will be called at 2:30 o'clock and not at 1:30 as previously announced as White Hall will make the trip in cars and so will not have to make a train to get home this evening.

Come out, you fans, and watch a real football game.

FRANKLIN MUSICAL CLUB TO MEET TODAY

Mrs. Milford Rees to be Hostess at Today's Meeting of Musical Organization—Other Franklin News.

Franklin, Oct. 21.—The regular meeting of the Franklin Musical club will be held Saturday afternoon at the home of Mrs. Milford Rees. An excellent program will be presented, including the following:

Paper, "The Ben Greet Players"—Mrs. C. L. Hawker.

Group of songs, "Joys of June," (Speaks); "Expectancy" (Sticks); "Birth of Morn," (Leon)—Mrs. William Douglas, with Miss Dorothea Sargent as accompanist.

Musical recitations, "That Old Sweetheart of Mine," and "The House by the Side of the Road"—Mrs. M. D. Henderson, with Mrs. W. C. Calhoun as accompanist.

Duet, Lutspliel's Overture—Misses Grace Hill and Dorothea Sargent.

Piano solo, Second Mazurka (Godard)—Miss Dorothea Sargent.

Quartet number, "Hushaby, My Baby"—Misses Harney, Hill, Armstrong and Mrs. Ryan, with Miss Sargent as accompanist.

Piano solo, "Divertissement" (Delibes)—Miss Dorothea Sargent.

The first number of the Ivesum course under the auspices of the high school was given Friday evening in Marquette hall. The audience was a large one and the program proved to be of special merit. A number of instrumental and vocal selections were given by the performers, all of whom had talent of high order.

Miss Dorothea Sargent expects to leave Monday for a visit with her sister, Mrs. F. W. Reuter, in St. Louis.

Miss Katherine Eador of Springfield is expected to arrive Saturday for a week end visit with her parents, Mr. and Mrs. Edgar Eador.

Mr. and Mrs. Charles McLamar were Jacksonville visitors Friday.

was existent and could be employed should the period of negotiation prove fruitless. An amendment carried by the army appropriation bill of August 29, 1916, authorized the president specifically to take over transportation system for the movement of troops and to continue such control "in an emergency."

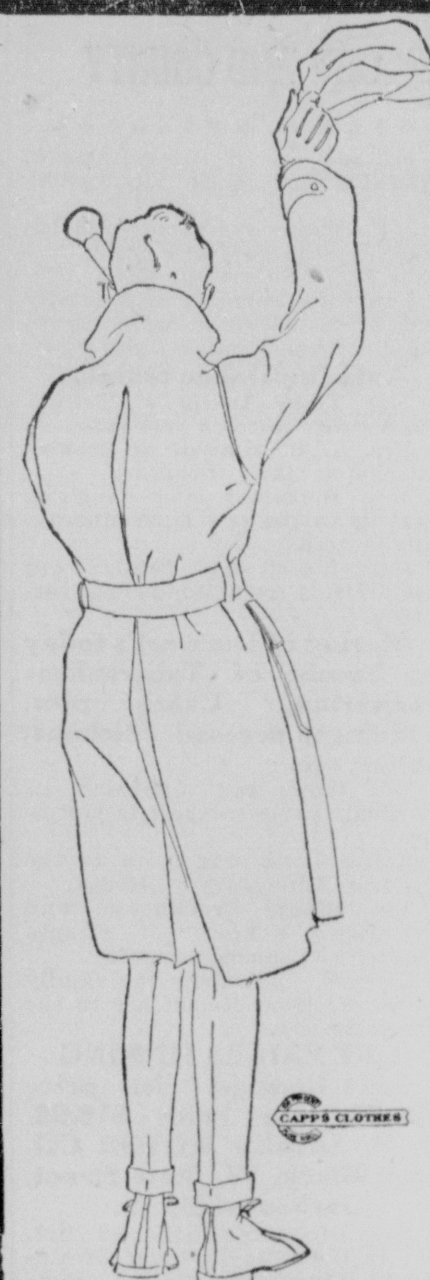

Supplementing this authority, it was said, were sections of the national defense act and other statutes enacted prior and during the war.

Officials Are on the Alert.

Department of justice officials were understood to have examined into all of these and to have prepared for the president a memorandum on the subject. Discussion of the use of war powers by the cabinet was understood to have been limited but several pertinent facts were developed which gave rise to the belief that some officials already had worked out a program to be followed in event a strike should menace the supply of essentials. It was learned also that officials who had suggested such a course to the president had catalogued men available for train operation.

Should a situation arise necessitating reversion to these powers or other methods of temporary government control, the war department would become the focal point, it was explained. The army already has its personnel listed by occupations and is in a position to put some men aboard trains and man its fleets of some 30,000 motor trucks.

EUREKA OUTCLASSES ILLINOIS WESLEYAN

BLOOMINGTON, Ill., Oct. 21.—The Eureka college football team this afternoon at Eureka, outclassed the Wesleyan team, winning 38 to 0. The Wesleyan team was unable to withstand the vicious attacks of Whittier and Driver while Reid picked up a fumble and caught a Wesleyan pass, making two runs for fifty-five yards to touchdowns. Driver did some wonderful work for Eureka, scoring three touchdowns making a place kick, kicking four goals and out-kicking and out-punting Wesleyan. The entire Eureka squad played good football.

ILLINOIS PLAYS BRADLEY TODAY

Coach Harmon's Men to Tackle Old Opponents for First Time in Seven Years—Illinois Expects to Win.

Illinois college journeys to Peoria today, where Bradley will be played this afternoon. Coach Harmon will take nineteen men and expects to use all of them in the contest with the probable exception of Mellon, who is suffering from injuries received in the Normal game.

Coach Harmon's men, taken as a whole, are in good condition and make no secret of the fact that they expect to win the game this afternoon. Harmon never makes any predictions but says his team should win, but by what margin he does not say.

Not much of a line can be obtained on Bradley. Illinois college has not met a Bradley team since 1914. In the opening game of the season Lombard gave the Peoria aggregation a bad beating. However, judging from Lombard's record since Bradley did not make such a poor showing and may be stronger than she is given credit for.

Illinois has been working hard throughout the week and shows improvement in her team play over that of a week ago, which was first class. The men are full of pep and have faith in their ability to take the measure of Bradley by a good margin.

DUN'S REPORT TODAY WILL SAY

(By The Associated Press)

NEW YORK, Oct. 21.—Dun's tomorrow will say:

"The possibility of a widespread railroad strike was not without influence on business this week, but caused no conspicuous disturbance. While requests to expedite shipments of goods under order were made in some instances there was no general anxiety regarding supplies of merchandise, and forward demands were not appreciably affected. The prospect of lower freight rates is entering calculations but the disposition to defer commitments pending developments in this connection is manifested in comparatively few quarters. Despite the existing uncertainties and retarding factors the commercial revival is making gradual progress and the slowly rising trend of production continues in evidence."

"Weekly bank clearings \$7,068,625,000."

MEXICAN PETROLEUM REGISTERED GAINS

(By The Associated Press)

NEW YORK, Oct. 21.—Reflection by the railroad unions of the plans proposed by the railroad labor board to avert a strike affected declines of 1 to 2 points among transportation in the first half of today's stock market session. These losses were partly retrieved later when Mexican Petroleum became the leader of a drive against the shorts and announcement came from Chicago that the brotherhood chiefs and railroad executives had been cited to appear before the labor board next week.

Mexican Petroleum registered an extreme advance of nearly 8 points and all but a fraction of this was held at the finish. General Asphalt and Houston also showing substantial support. Sales amounted to 475,000 shares.

Call loans opened at 4½ per cent but the demand for funds over the week-end was large enough to force the rate to 5 per cent shortly after midday without alteration however, to time quotations. New England and Western banks were in the market for merchant's paper.

Sterling forfeited part of yesterday's sharp rise and exchange on France, Italy, Belgium and Germany eased, but Holland, Norway, Sweden and Spain improved and the Shanghai rate advanced in response to London's higher price for silver.

Buying of Liberty and Victory issues all at moderate to substantial gains, featured the lighter trading in bonds. Domestic rails reflected the heaviness of stocks but foreign issues were devoid of special features.

Total sales (par value, \$14,400,000).

MANKIND IS MOULTING CALIFORNIAN SAYS

Rev. J. M. Beadles Told Rotarians Struggles Indicate Period of Transition—Remedy Lies in Understanding of "Stewardship"—Production and Creation.

Rev. J. M. Beadles of Los Angeles, Cal., a former resident of Jacksonville, made an address at the Rotary club luncheon at the Pacific Hotel Friday, as did Charles Gorham, president of the Jacksonville Rotary club. President Riley of the Jacksonville organization and Mr. Gorham met at the international convention in Edinburgh and they added to the interest of yesterday's program by singing as a duet verses that were quite popular at the Edinburgh gathering.

A report of the recent conference of Rotary secretaries and presidents held at Urbana was made by Secretary G. H. Kopperl. J. H. Dial for the boys' school committee made an informal report telling of the contribution of \$175 by the Kiwanis club for the work and the suggestion of a like sum from the Rotary club. The fund will be made available for the Social Service league to use in cases where it is shown that the money will make it possible for boys or girls to attend school. The matter of the Rotary club contribution was referred to the directors. Later it was suggested by the directors that the movement be approved and whatever subscription is raised be made a voluntary matter and not taken from the club treasury.

A Former Resident.

Dr. Beadles is a Morgan county product, his old home having been in Murrayville precinct. With passing years he has attained a wide reputation as an evangelist and public speaker and has for eight or nine years been resident in Los Angeles. His theme yesterday was "Stewardship" and he gave a most convincing argument to show that men and women are merely trustees of funds or talents. He said that men are not creators, they are merely producers and so there comes the obligation of stewardship.

The speaker said that success begins with the "s" of stewardship and closes with the two "s's" that stand for social service. "Success is not a state of transition," he continued. "There is unrest and some dissatisfaction, and in fact conditions furnish a text for certain pessimists who make gloomy predictions, but for those who study conditions there comes the knowledge that great changes are in progress.

The Period of Transition.

"Mankind is moulting just as the eagle does and will come out after that transition into a stronger and better state. This period of transition will mean a

realization of stewardship. There is nothing in the record of this republic to indicate that it is on the road to ruin that Rome was and instead it is the hope of the world. True, there is occasion for alarm because so much of the wealth of the country is in the hands of the few. Sixty per cent of the wealth is held by 2 per cent of the people and 90 per cent of the wealth is in the hands of three per cent. The statistics show too that one-half of the wealth of Chicago is vested in twelve families there and that five of those families control that 50 per cent.

"I am not railing against great wealth or against those who have money, but simply appealing for an understanding of the responsibility it brings, and the fact that it is merely stewardship. After all, God's best gifts are not in the hands of men. The ownership of the air and the sunshine and kindred things is retained by God Himself and distributed to all people.

"Andrew Carnegie came to understand stewardship and made an effort to dispose of all his property for the benefit of the people. This same understanding caused Dr. Pearson of Chicago to distribute \$7,000,000 among 40 colleges and to leave only a few thousand dollars in his estate.

Man Contributes Work.

"Even in production God furnishes the seed, the soil, the sunshine and showers and it remains for man only to make the contribution of the sweat of his brow. Keeping in mind that men are producers but never creators even of the smallest things, there should be no difficulty in understanding the obligations which money and property ownership give. We must labor together with God as the Bible proves and the results will be gratifying."

Dr. Beadles gave further proof that he is an unusual man by his statement that altho a resident of California for nine years that he is willing to testify that he had never found a locality that excelled Jacksonville and Morgan county.

The guest list of the day included J. Henry Meyer, P. J. Tamm, Chicago; Perry Sargent, Kansas City; J. H. Seymour, Peoria; J. Fred Groat, Winchester, and Dr. McKimney, state reimbursing agent, and M. E. Stelloh.

CLUBS AND SOCIETY

Sunday School Classes Are Entertained.

W. C. Lent's boys class of the Grace Sunday school entertained four of the other classes last night with a weiner and marshmallow roast at Gravel Springs. A party of about fifty motored out to the Springs and enjoyed a fine time around roaring fires.

Mrs. Daniels Hostess to Congregational Ladies.

Mrs. C. M. Daniels entertained the members of the Social circle of Congregational church yesterday afternoon at her home on Grove street. There were about thirty-five ladies present and the afternoon was spent in sewing on articles for the church bazaar. During the afternoon the hostess served delicious refreshments.

S. S. Class Had Weiner Roast.

The Sunshine class of the Central Christian church enjoyed a weiner roast at Nichols park Friday evening. An informal musical program was given by the Jolly Four string orchestra. Those present were Misses Toineite Cully, Margaret Curtis, Mildred Bridgman, Eleanor Price, Ruth Staff, Edith Ruyle, Constance Finch, Vida Sloan, Grace Campbell, Wilma Crum, Alta Crum and Miss Ethel Shortridge, the teacher.

U. C. T. Women's Club Gives Surprise Party.

The U. C. T. Women's club gave a surprise for Mr. and Mrs. C. H. Philileo at their home on South Clay avenue. Mr. and Mrs. Philileo are soon to move to Monmouth, Ill. The club presented Mrs. Philileo with a piece of silver with the inscription, "U. C. T. Ladies Club" engraved on it. There were about eighteen present and every one enjoyed a delightful social time. Late in the evening refreshments were served.

Mrs. Weber Hostess To South Side Circle.

Mrs. Herman Weber was hostess to the members of the South Side circle yesterday afternoon at her home on South Main street. There was a good attendance and an interesting program was given. Roll call was answered by the names of favorite authors. Mrs. W. B. MacIntyre had charge of the program, giving a short sketch of the life of Gene Stratton Porter. She also gave an excellent review of this author's latest book, "Her Father's Daughter."

The afternoon closed with a pleasant social hour and the serving of attractive refreshments.

Sorosis Meets With Mrs. Langton.

Sorosis met yesterday afternoon with Mrs. J. F. Langton at her home on South Church street. The program of the day was given by Mrs. W. T. Wilson, who gave a brief sketch of the life of Brete Harte, the famous America short story writer. She also reviewed two of her stories, "The Luck of Roaring Camp," and "Miss." The hostess served afternoon tea, following the program.

I. W. C. Faculty Members Have Picnic.

The faculty members of Illinois Woman's college enjoyed a picnic at Nichols park last evening. The teachers who have just come to the school were guests of the other faculty members. The party drove out to the park at 5 o'clock and a fine supper was served. Miss Austin had charge of the picnic arrangements.

Friday Social Circle in Regular Meeting.

Mrs. Henry Frisch was hostess to the members of the Friday Social circle yesterday afternoon at her home on West College avenue. The afternoon was pleasantly spent with sewing and conversation. Mrs. Virginia Vasey sang a group of songs which were much appreciated.

Mrs. Tribe of Albion, Ill., who is visiting her daughter, Mrs. Van Tribe, of this city, and Mrs. Julia Holmes, were guests of the club. The hostess passed delicious refreshments during the afternoon. The next meeting held will be with Mrs. George Flinn of 825 West North street.

Service Star Legion Held Interesting Meeting.

The Service Star Legion held an interesting meeting at the home of Mrs. H. B. Jaeger Friday afternoon. There was a good attendance of members. Plans for Armistice Day were made. A committee to co-operate with the American Legion and Chamber of Commerce in observance of Armistice Day was appointed. Plans for a market to be held November 5th in charge of this market were appointed. They were Mrs. Jones, Mrs. Eckels, Mrs. Dodsworth and Mrs. Seigfried. The money made at this market will be used in buying dishes for the American Legion to be used in their hall. The next regular meeting will be held the first Friday in November in the Chamber of Commerce rooms.

Camp Fire Girls Give Carnival.

The Akoya Camp Fire Girls had a party carnival last night for the benefit of the work that the Red Cross nurse, Miss Reicke, is doing. There was a large crowd of merry-makers present and they contributed liberally to this good cause with the result that the Camp Fire Girls realized almost \$50 for their efforts.

The carnival included many booths and side shows, including a Fox Men Only, For Women Only, Monkey Show, Watch on the Rhine, Swimming Match, Menagerie, Treasure Hunt Fortune Tel-

LARGE THROGS AT AUTO SHOW

Activities at the auto show continued throughout yesterday afternoon and evening with unabated enthusiasm. The crowds were larger if anything than on any of the previous sessions and the patrons of the guessing and drawing contests were more numerous. Last night the five lucky people to get a box of Liggett's candy at Gilbert's booth were Mrs. A. McNamara, John King, M. E. Hulet, Aline Scott, and Russel Thompson. At Shadid's booth, H. A. Stacy won the box of polish and Mrs. W. A. Bridge-man, the pair of shoes. Little Mildred Shadid did the drawing for both the Gilbert contest and for Shadid brothers. At McNamara and Henegan's booth, Everett Goodall and Harold Craig won the sacks of flour.

Today is the big day and the officials are making preparations to handle crowds that will far outnumber those that have attended so far. This evening the big prizes will be given away and there will probably be several special features.

STUDENTS HELD ELECTION FRIDAY

The election of the officers for the Jacksonville High School Athletic association took place yesterday with the following results.

President—Albert Arter.
Vice president—Charles Hopper.
Secretary—Lee Henry Goebel.
Student manager—Elliot Arnold.

Through a special section in the constitution of the association the principal of the school is the treasurer, so this office is filled by Mr. Shafer. All of the officers except Goebel will probably not be in any athletics during the basketball season. This will enable them to devote more of their time to association affairs when their attention is most needed.

All of the appointments were made by a unanimous vote following nominations as these officers were the only ones nominated.

PHI ALPHA SOCIETY MET FRIDAY NIGHT

The Phi Alpha Literary society of Illinois college had a regular meeting last night and the following program was presented.

Essayist—
Reid—Scarcity of Jobs.
Ivie—Recreation.
Disclaimer—
Govert—Mandalay.
Select Reader—

After a ten-minute recess, the following question was debated: Resolved, that the Ku Klux Klan has no justification for existence. The affirmative was upheld by Hatfield and Thomason, the negative by Grunz and Sheppard. The judges' decision was unanimously in favor of the negative. The merits of the question do not go with the decision. Samuel Graves was taken into membership of the society at this meeting.

IS LAID TO REST

Virginia, Oct. 22.—Funeral services over the remains of the late W. T. Sudbrink were held at the family home in Grand Villa, Thursday, Oct. 20, Rev. Max B. Wiles, pastor of the First Presbyterian church officiating. Burial was in Walnut Ridge cemetery. Many out of town friends and relatives attended the funeral, which was among the largest attended funerals ever held in this city.

MAY RETURN TO CITY

Col. F. W. Hardy, former resident of Jacksonville, now living at 5228 Cleveland avenue, is thinking about returning to this city if he can dispose of his property in his western home. He was born on a farm west of Jacksonville and in later years owned a farm north of Orleans.

Col. Hardy has an unusual record in his lodge connections and during the war time was a member of the government food administration forces. He has also done some work for the department of justice.

PICTURES AT WESTMINSTER

The first three reels of "The Stream of Life" were shown at Westminster church last Sunday evening to an audience of more than 400. Dr. Smith preached a brief sermon on the theme presented. There were a large number in attendance from the surrounding country and all seemed to appreciate the service.

Tomorrow evening the three remaining reels of the picture will be shown and Dr. Smith will preach again. It is the belief of the minister that pictures without a sermon cannot well fulfill the purpose of a church service.
